PREFACE

Attention is called to the many changes in the alphabetical list, streets, business, miscellaneous department, etc., and also the additions in shape of new features in the 1903 CAMBRIDGE DIRECTORY.

THE HOUSE DIRECTORY—Beginning on page 77, locating the principal residents by their street number on the most prominent streets.

THE INDEX MAP—Index letters and figures will be seen after the location of each street in the list of streets (on page 31, Allston street from Waverly opposite Fort Washington to 114 Magazine K 6.) The letter K and the figure 6 have reference to the corresponding letters and figures as shown on the top and side of the map (see opp. page 16.) By following the lines on map to intersection of letter line with figure line (K 6) you will in that square find the name (Allston) of street.

We call attention to the advertisements in this directory. They deserve attention, representing the push and pluck of business men, who have both the ambition and the means to serve the public acceptably.

With many thanks and a prosperous new year to all who have aided us in our work we remain,

Respectfully,

W. A. GREENOUGH & CO.

STREETS, COURTS, AVENUES, ETC. AND INDEX TO LOCATION OF SAME ON MAP.

Giving the location of each street, and showing what other streets and places run from it or across it with the number at which they intersect. The letters and figures at end of lines have reference to the index on map, for instance if you wish to find the location of Allston Street look for the letter K and No. 6 on the margin of map, and in that square you will find at once the street you are looking for, then if you wish to know what streets run from or across Allston Street, look in street list, and you will find Grove runs from 24, Bell from 27, Sidney from 58, etc.

Two Blows, all-out signal
12-12 Military Call.

5-5—No school signal, given at 8.15 a. m., 12.45 or 1.15 p. m.

INSTRUCTIONS TO KEY HOLDERS.

Alarms to be given from the box nearest the location of the fire.

Do not give an alarm for a fire seen at a distance, unless assistance is called for.

To give an alarm, open the door, pull the hook to the bottom of the slot once, and let go. Each box contains a small bell, which, if heard before you pull, indicates that an alarm has been previ-

ously given, and by listening at the box, you will learn the number of the box from which the alarm was given, but in no case will you pull the hook while the alarm is striking. After giving the alarm, remain at the box so as to direct the firemen to the fire. Be sure that you lock the box before leaving it.

Citizens are requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed being placed over each box giving the requisite information.

First alarm will be given by striking two or more rounds of box number.

Second alarm will be given by repeating the first alarm.

Third alarm will be given by striking three blows twice on gongs, bells and whistles.

General alarm will be given by striking three blows three times on gongs, bells and whistles.

Make sure that

"MURESCO"

is not only used on the **Walls and Ceilings** of your house but also on your **Cellar Walls.** It is **White, Sweet, Clean,** fireproof and free from Arsenic. It is really cheaper than whitewash as it lasts longer, will not scale nor rub and generally one coat is sufficient.

"MURESCO"

the best wall finish, is invaluable for Churches, Schools, Halls, Houses, Basements. Buy **"Muresco"** of your Dealer or Painter.
